## PROPERTY OWNER NOTIFICATION

### Hemlock Drive, Catlin Road, Rowe Place, Wycker Road, Junction Street, Edmonds Lane – MILLING & PAVING

Dear Property Owner,

We apologize for the delay in paving operations. Due to unforeseen circumstances, the contractor has given us a revised milling date for Wednesday, October 30, 2024.

This notice is being sent to advise you of paving operations which are to be conducted along the above listed street in the coming weeks. The Borough appointed construction company with the help of the Department of Public Works will begin remedial pavement operations. This work will be conducted Monday through Friday, from approximately 7 am to 4 pm, and will include the milling of the existing pavement and installation of a new pavement surface. The listed street will be closed partially or completely throughout the duration of the project. Residents that live on the street will be allowed to access their homes but said access will be limited. We ask that you move your car from the roadway the night before the start of construction so as not to impede construction activity. We will strive to notify the residents of any change in the construction schedule.

Unfortunately, inconveniences will likely occur related to your daily activities during this time. We ask that you be patient while we perform these needed improvements and want to assure you that the contractor will try everything to accommodate your needs. Please feel free to contact me and/or Borough Hall with any problems, concerns or comments that you may have during this construction process.

Stefanie Williams, PE CME  
Township Engineer, Franklin Borough
