November 14, 2024

Dear Franklin Borough Water Customer:

New Jersey has implemented a lead service line replacement program and enacted P.L. 2021 Ch. 183. This law requires all lead and galvanized steel water lines to be accounted for in public water systems located within New Jersey, with the intention of being removed and replaced over the course of the next seven (7) years.

Please recognize that this is a preemptive prevention plan to remove the types of lines that can, in some cases, cause elevated lead levels. This does not mean water at your home or business has unacceptable levels of lead.

The Borough of Franklin is in Phase I of this process and is trying to identify what type of water service lines Franklin Borough water customers have entering their homes or businesses. This process is going to require the cooperation of our water customers.

Franklin Borough has prepared a survey to be completed by each customer. The survey can be accessed online at [Waterline Material Identification Survey, \[https://docs.google.com/forms/d/e/1FAIpQLSeBn2fMmMj9V9zhp1uMjzKBxFeeMMhDva42Qwil3NSUD1PDnA/viewform?usp=sf_link\]\(https://docs.google.com/forms/d/e/1FAIpQLSeBn2fMmMj9V9zhp1uMjzKBxFeeMMhDva42Qwil3NSUD1PDnA/viewform?usp=sf_link\)](https://docs.google.com/forms/d/e/1FAIpQLSeBn2fMmMj9V9zhp1uMjzKBxFeeMMhDva42Qwil3NSUD1PDnA/viewform?usp=sf_link). A link to the survey can also be found on the Franklin Borough website.

Printed copies of the Water Line Identification Survey are also available at Borough Hall.

Please remember to take a photo of your service line and upload a photo of the service pipe as this will assist us in our identification efforts.

If you have any questions about completing the survey please email DPW Superintendent, Brian VanDenBroek, at dpw@franklinborough.org or call 973-827-7060.

Sincerely,

Darlene J. Tremont
Municipal Clerk
